TEMPORARY DISCONTINUATION OF EQUINE INFLUENZA VACCINATION IN 2022

The Veterinary Commission of TAI in its meeting held on 4th March 2022 at the Madras Race Club, Chennai has unanimously decided that the mandatory Equine Influenza (EI) Vaccination due in 2022 be temporarily discontinued during 2022 primarily due to NON-AVAILABILITY of the EI vaccine in the country.

Consequently, the mandatory EI vaccination requirement of two-year-olds and older horses that are likely to enter from stud farms to race courses is also temporarily suspended during 2022 and the Senior/Chief Veterinary Officers are requested not to insist upon EI vaccination certificates.

Further, new EI vaccination schedules will be issued by the Veterinary Commission when the vaccine becomes available.
